

Be a Catalyst Party Host!

In an effort to raise support and awareness for the students and families we serve through Catalyst, we have created four, unique experiences that your friends will love to be a part of. As a host, your role will simply be to invite your network - we will do everything else!

Each experience has its own fundraising goal so please take a look through the descriptions and let us know which option would be the best for you. We can host at your house, a friend's house or an event space in the community.

If you have any questions or comments that were not outlined above you can reach out to our Community Engagement Coordinator, Kaitlyn Tinney!
